

Hanoi, 16 June 2025

TO WHOM IT MAY CONCERN,

OBJECT : Letter of recommendation for Mr. Alidor Mbayandjambe

Madam, Sir,

M. Alidor Mbayandjambe is a student of cohort 26 (2022-2025) of the Institute Francophone International (Institut de la Francophonie pour l'Informatique before 2015) at the Vietnam National University in Hanoi. He is preparing for his Master's Degree in Computer Science.

As head of the Master's program and lecturer of computer science at the IFI, I have known him throughout his Master's studies. M. Alidor Mbayandjambe told me of his desire to continue his thesis studies. I find no disadvantage in this because I must emphasize, that he is a motivated, serious, responsible, and autonomous student who can carry out quality research works.

Please accept, Madam, Sir, my distinguished greetings.
